Traditional rotomolded outdoor playground equipments are frozen moments of childhood, standing as the enduring pillars of our public parks. They anchor the strides of a child's physical, social, and psychological growth, helping them "construct their sense of self" through unfiltered joy. Thus, amid the rush of modernity, we keep these classics alive. This is our warm embrace of childhood's fundamental needs and our steadfast promise to safeguard the soul of our shared urban spaces.

Public Park Equipments

小博士设备

经典滚塑游乐设备是凝固在时光里的童年符号，它们构成了公共公园的灵魂骨架，默默支撑起儿童体能、社交与心理发展的每一步足迹，帮助孩子在最纯粹的体验中“构建自我”，所以，在不断追求创新的今天，我们依然选择保留这些经典的存在，这不仅是对童年成长最质朴需求的深情回应，更是对城市公共空间公平性与人文关怀的永恒守护。

ASTM stands for the American Society for Testing and Materials. As the world's most authoritative materials and testing organization, ASTM consistently prioritizes “public health and safety” as its highest principle. By establishing rigorous industry standards, it ensures all products and services are built on a foundation of trustworthiness. For outdoor playground equipment, ASTM F1487 serves as the essential “safety constitution.” It fundamentally defines the material strength and performance limits of products, ensuring every child's joy is built upon absolute safety.

IPEMA

IPEMA 协会（国际游乐设备制造商协会）

全称：International Play Equipment Manufacturers Association（国际游乐设备制造商协会）。是全球公共游乐设备领域最具影响力的非营利性行业协会，核心聚焦游乐设备与安全地垫的安全标准、行业自律与市场推广。IPEMA 认证会员是指企业在加入协会的基础上，其产品经由TÜV America权威第三方机构严格检测，证实完全符合 ASTM F1487 等北美安全标准，并获准使用 IPEMA 认证标识的“双重资质”企业。

International Play Equipment Manufacturers Association is the most influential non-profit trade association in the global public playground equipment sector, focusing on safety standards for playground equipment and safety surfacing, industry self-regulation, and market promotion. IPEMA-certified members are the companies that, in addition to association membership, have their products rigorously tested by authoritative third-party organization as TÜV America. These products are verified to fully comply with North American safety standards like ASTM F1487-25/CSA Z614:20 and are authorized to use the IPEMA certification mark, representing a “dual qualification” status.

Yonglang Group Achieves IPEMA Certification; With authoritative third-party TÜV SÜD international verification, our products fully comply with stringent North American safety standards such as ASTM F1487-25/CSA Z614:20, delivering safer and more reliable public playground equipment for children worldwide.

ADA

美国ADA法案（1990年《美国残疾人法案》），是保障残疾人平等参与社会生活、禁止歧视并要求提供合理便利的联邦民权法律，其中明确将游乐设施纳入监管范畴。对于游乐设备而言，遵循ADA法案核心是通过无障碍设计（如轮椅适配空间、合规坡道、安全间隙控制等）消除使用障碍，保障残疾儿童等群体平等享受游乐权益。

永浪共融式游乐设备设计遵循ADA法案核心要义，用细节设计打破障碍，让游乐无差别，让每一位孩子平等享受游乐乐趣！

The Americans with Disabilities Act (ADA) of 1990 is a federal civil rights law that ensures equal participation in society for individuals with disabilities, prohibits discrimination, and mandates the provision of reasonable accommodations. It explicitly includes playground facilities within its regulatory scope. For recreational equipment, compliance with the ADA centers on eliminating barriers through accessible design—such as wheelchair-accessible spaces, compliant ramps, and safety clearance controls—ensuring equal enjoyment of recreational rights for groups including children with disabilities.

Yonglang Inclusive Play Equipment designs adhere to the core principles of the ADA, using thoughtful details to break down barriers. Our philosophy is to make play accessible to all, and ensure that every child can equally enjoy the fun of play.

TUV SÜD

该标识由德国非营利协会与基金会全资控股的全球领先独立第三方技术服务机构——TÜV SÜD（南德意志集团）官方审核颁发，仅当企业产品完全通过其严苛检测与全流程监管。达到对应国际标准要求后，方可获得标识使用授权。作为全球权威检测认证机构的专属标识，TÜV SÜD标识既代表着近乎严苛的检测标准，更彰显了企业对安全合规的极致追求。尤其在户外游乐设备领域，其含金量更具针对性：这代表永浪产品已严格遵循欧盟EN1176（户外游乐设备全生命周期安全强制标准），从结构强度、防夹伤设计到坠落保护等核心安全指标，均经过TÜV SÜD的权威检测与全程监管，完全满足欧盟准入要求。不同于一次性认证，TÜV SÜD采用“产品测试+生产受控+年度复审”的全链条监督模式，确保持有标识的产品持续合规，从根源上规避质量风险。永浪集团将持续合规运营，向全球市场传递“安全可追溯、质量有保障”的核心信念。

This certification mark is officially issued by TÜV SÜD, a globally leading independent third-party technical service provider wholly owned by German non-profit associations and foundations. By only when the company's products fully pass its rigorous testing and comprehensive process supervision, meeting corresponding international standards, can they be authorization granted to use the mark. As the exclusive mark of a globally authoritative testing and certification body, the TÜV SÜD logo not only signifies exceptionally rigorous testing standards but also demonstrates the company's utmost commitment to safety and compliance. Particularly in the outdoor playground equipment sector, its value holds specific significance: it signifies that Yonglang products strictly adhere to the EN1176 standard (compulsory safety standard for the entire lifecycle of outdoor playground equipment). Core safety metrics—from structural strength and anti-pinch design to fall protection—have undergone authoritative testing and full-process supervision by TÜV SÜD, fully meeting EU market access requirements. Unlike one-time certifications, TÜV SÜD employs a comprehensive oversight model encompassing “product testing + production control + annual review.” This ensures products bearing the certification mark maintain continuous compliance, mitigating quality risks at their source. Yonglang Group remains committed to compliant operations, conveying its core belief of “safety traceability and quality assurance” to global markets.

致敬行业三十余载

1993年，永浪在“中国教玩具之都”温州桥下镇诞生。彼时行业初兴，标准尚缺，企业从创立之初便确立了“快乐童年，永浪之源”的初心，怀揣着“让孩子们拥有安全又有趣的游乐空间”这一朴素愿景，从第一款滑梯做起，一步一个脚印，坚持把安全与品质视为发展的基石。

三十多年来，这份对行业的热爱成了我们永浪的根。我带领团队组建专业研发中心，拿下400多项专利，牵头制定了儿童滑梯、秋千等多项国家标准，攻克欧美等主流国家标准如欧洲EN1176系列标准，美国ASTM及加拿大CSA等先进标准，致力于用专业实力引领行业规范化发展。而永浪更引以为傲的是，永浪积极响应党和国家提出的“绿水青山就是金山银山”发展理念，紧跟国家“十五五”规划，改善传统油漆工艺，全面采用零污染、可回收的环保固态粉末涂料，升级智能绿色生产线，通过废气净化、废水循环、固废分类处理等全流程管控降低环境影响。游乐事业承载着孩子的天性与未来，而健康的生态环境是这份美好存续的前提，唯有坚守生态责任，践行绿色生产，才能实现企业与自然的共生共荣，为孩子们留住绿水青山。

企业长大了，回馈社会是本分。“赠人玫瑰，手有余香”，永浪在社会责任的道路上，积极参加各种公益活动，为孩子们搭建起多彩的“梦想乐园”；更投身文化传承与爱国主义教育，自主设计并生产符合当地特色的无动力主题乐园，寓教于乐，在孩子们心中种下文化自信的种子。同时，我们不忘关爱特殊群体，关注特殊儿童的康复游乐需求，用爱心与专业为他们打开通往世界的窗户。每一次公益行动，都是永浪对社会深情的告白。

如今永浪已是行业领军者，但我始终记得初心：用创新和专业做好每一件产品，让永浪陪伴世界儿童健康成长，在热爱行业、回馈社会、守护环境的道路上一路走下去。

Zhang
2026年1月17日

In 1993, we founded Yonglang in Qiaoxia Town, Wenzhou, now renowned as the "Educational Toy Capital of China." Back then, the industry was in its early stages, with standards yet to be defined. From the very beginning, our core belief has been that "a joyful childhood, the origin of Yonglang." Guided by the simple vision of "creating safe and enjoyable play spaces for children," we started with the first slide, consistently emphasizing safety and quality as the cornerstone of our development.

Over the past thirty years, this passion for the industry has become the foundation of Yonglang. I led our team in establishing a professional R&D center, securing over 400 patents, spearheading the development of national standards for children's slides, swings, and other equipment, and meeting the advanced standards of major markets such as Europe (EN1176 series), the United States (ASTM), and Canada (CSA). We are committed to driving the standardized development of the industry through our professional expertise.

What we take even greater pride in is how Yonglang actively responds to the national call of "lucid waters and lush mountains are invaluable assets," aligning our development with the sustainable development goals outlined in China's national plans. We phased out traditional paint at an early stage, adopting fully recyclable, zero-pollution powder coating, and upgraded to smart green production lines. Through comprehensive control of emissions, wastewater recycling, and solid waste sorting, we minimize our environmental impact. We believe that play nurtures children's nature and future, and a healthy ecosystem is essential to preserve that joy. Only by upholding ecological responsibility and green manufacturing can we achieve harmony between the enterprise and nature, preserving lucid waters and lush mountains for generations to come.

As Yonglang has grown, giving back to society is our responsibility. Inspired by the spirit of "the fragrance of a rose lingers in the hand that gives it," we actively engage in public welfare initiatives, building vibrant "dream playgrounds" for children.

We are also dedicated to cultural preservation and patriotic education by designing and manufacturing locally themed, non-powered playgrounds that combine fun with learning, sowing the seeds of cultural confidence in the hearts of the young.

Our care also reaches out to children with special needs. We focus on rehabilitation through play, opening the windows to the world with compassion and expertise. Every charitable endeavor is a sincere commitment to society.

Today, Yonglang stands as a leader in the industry. Yet, I have never forgotten our original aspiration: to craft every product with innovation and professionalism, to accompany children around the world in their healthy growth. We will continue moving forward---with enduring passion for our industry, commitment to our community, and dedication to our planet.

Salute to over three decades in the industry
